Updates

Below are certain amendments to the Pathfinder Prospectus which reflect updated information relating to the Company and its subsidiaries.

3 The Offer

The Company intends to issue 39,762,992 Offer Shares pursuant to the Offer which would represent 54.92 per cent. of the enlarged share capital of the Company and raising net proceeds of €304,042,036.

The Offer is being made by means of an offer of Offer Shares to certain institutional and other sophisticated investors outside the United States and in the United States to Accredited Investors or Qualified Institutional Buyers that in each case are also Qualified Purchasers or Knowledgeable Employees. Typical investors in the Company are expected to be sophisticated, institutional and/or professional investors who understand the risks involved in investing in the Company and who have sufficient resources to be able to bear losses (which may equal the whole amount invested) that may result from such an investment.. Any purported purchase by or transfer of an Offer Share to a Benefit Plan Investor is subject to restrictions as provided in the Articles of Incorporation and the Pathfinder Prospectus and the Prospectus Supplement dated 24 April 2015 and requires the consent of the Company.

The Offer will dilute each existing shareholding prior to the Offer by 54.92 per cent. if such shareholder does not subscribe in the Offer (so that a 1 per cent. shareholding immediately prior to the Offer would represent a 0.45 per cent. shareholding immediately after the Offer). The net asset value of the Company will increase by the amount equal to the net proceeds of the Offer. Until such proceeds begin to be used for the purposes disclosed in the Pathfinder Prospectus, the Directors expect that the Offer will not be accretive to earnings.

The Offer will be conditional on Admission occurring and becoming effective by 8.00 a.m. (Amsterdam time) on or prior to 29 April 2015 (or such later date as the Company may determine). In the circumstances in which the conditions set out in this Part V are not fully met, the Offer will not take place and no Offer Shares will be issued.

For additional information on the options granted to the Manager see "Manager's Fees and Incentive Compensation – Manager's Options" in Part IV of the Pathfinder Prospectus.

All Offer Shares issued pursuant to the Offer will be issued, payable in full, in cash at the Offer Price of €7.85. Immediately following Admission of the Offer Shares, it is expected that at least 25 per cent. of the Company's issued Shares (before exercise of the Manager's Options) will be held in public hands.

4 Share Capital

As at the date of this document, the issued share capital of the Company (all of which is fully paid up) consists of 32,635,502 Shares and Options over 1,521,407 Shares.
